FJC, Inc.  
101 Commercial Drive  
 Mooresville, NC 28115

Emergency Telephone No.  
(704) 664-3587  
March 3, 2009

## SECTION I - PRODUCT INFORMATION

|                                                             |                                                     |
|-------------------------------------------------------------|-----------------------------------------------------|
| Chemical Family: Blend of Synthesized & Natural Ingredients | Trade Name: A/C Flush Solvent<br>Part #: 2032, 2128 |
| Formula:                                                    |                                                     |

## SECTION II - HAZARDOUS INGREDIENTS

| Component Name | % | TLV |       | PEL |       |
|----------------|---|-----|-------|-----|-------|
|                |   | ppm | mg/m3 | ppm | mg/m3 |
| NONE           |   |     |       |     |       |
|                |   |     |       |     |       |
|                |   |     |       |     |       |

## SECTION III - PHYSICAL DATA

|                                        |                |                       |                |
|----------------------------------------|----------------|-----------------------|----------------|
| Boiling/Melting Point °F/              | 212°F          | Specific Gravity      | 0.86           |
| Vapor Pressure (mm Hg)                 | Not Determined | % Volatile            | 0 +/- 1%       |
| Vapor Density (air = 1)                | Not Determined | Evaporation Rate (=1) | Less than 1    |
| Solubility In water                    | Infinite       | pH                    | Not Applicable |
| Appearance and Odor: Clear / Mild Odor |                |                       |                |

## SECTION IV - FIRE AND EXPLOSION HAZARD DATA

|                                                                                                                                      |                                  |
|--------------------------------------------------------------------------------------------------------------------------------------|----------------------------------|
| Flash Point (Method): Greater than 400°F                                                                                             | Flammable Limits: Not Applicable |
| Extinguishing Media: Carbon dioxide foam                                                                                             |                                  |
| Special Fire Fighting Procedures: Fire Fighters should wear NIOSH/MSHA approved pressure demand self contained breathing apparatuses |                                  |
| Unusual Fire and Explosion Hazards: None                                                                                             |                                  |

## SECTION V - HEALTH HAZARD DATA

|                                                        |
|--------------------------------------------------------|
| Threshold Limit Value and Sources: Not Determined      |
| <u>Acute Effects of Overexposure</u><br>Not Determined |
|                                                        |
|                                                        |
|                                                        |
| <u>Emergency and First Aid Procedure</u>               |
| Skin: Flush with water, Consult Physician              |
| Ingestion: Induce vomiting, Consult Physician          |
| Eyes: Flush eyes with clear water, Consult Physician   |

## SECTION VI - ADDITIONAL HEALTH AND TOXICOLOGICAL DATA

HMIS & NFPA Rating:  
Health = 1 Fire = 1 Reactivity = 0

This product does not contain any chemicals that are listed as causing cancer in the National Toxicology Program's Annual Report, the International Agency for Cancer Research's Monographs, and OSHA's 1910.10 Subpart Z List.

This product does not contain any of the chemicals that are listed on the State of California's Proposition 65 List as cancer causing agent or potential reproductive toxins.

This product does not contain greater than 1% of any of the chemicals listed on the EPA's SARA Title III Section 302, 304 & 313 lists. All components used in the formulation of this product are on the US TSCA Inventory.

## SECTION VI- REACTIVITY DATA

|                                       |                             |                            |      |
|---------------------------------------|-----------------------------|----------------------------|------|
| <u>Stability:</u>                     |                             |                            |      |
| <u>Unstable</u>                       | <u>Stable</u><br>XX         | Conditions to Avoid        | None |
| Incompatibility (materials to avoid): |                             |                            |      |
| Hazardous Decomposition Products:     |                             |                            |      |
| <u>May Occur</u>                      | <u>Will Not Occur</u><br>XX | <u>Conditions To Avoid</u> |      |
|                                       |                             | None                       |      |

## SECTION VII - SPILL OR LEAK PROCEDURES

Procedures To Be Taken If Material Is Released or Spilled: Absorb with sorption medium - collect and place in containers for disposal or flush with water to waste treatment facility

Waste Disposal Methods: Dispose of in accordance with state or local laws/ regulations regarding chemical disposal (EZ) clean air act, clean water act and resource conservation & recovery

## SECTION VIII - SPECIAL PROTECTION INFORMATION

Respiratory Protection: None required under ordinary conditions of use.  
Ventilation: Local exhaust acceptable  
Eye Protection: Chemical safety goggles  
Protective Clothing: Neoprene gloves

## SECTION IX - SPECIAL PRECAUTIONS

Precautions To Be Taken In Handling and Storage: Avoid temperature extremes; avoid contact with eyes and skin; do not take internally
